The bottom screenshot shows the same table after the UPDATE query has been executed. The row with USERNAME 'abcd' now has EMAIL 'admin@gmail.com' and PASSWORD '1000'.

EMAIL	USERNAME	PASSWORD
admin@gmail.com	abcd	1000
anees@gmail.com	anees	1409
hannah@gmail.com	hannah	2502
krisha@gmail.com	krisha	1102
snehaa@gmail.com	snehaa	2809

The bottom of the screenshot shows the Windows taskbar with the search bar, taskbar icons, and system tray showing 29°C Cloudy, 9:20 AM, 10/11/2022.

<h3>What formulates a person successful?</h3>

<p>There are many ways in the world to be successful. But most people think of celebrities, artist, politicians, and businessmen whenever they heard the word success.

Moreover, they think doing what they will make you successful but that not the case. They forget the most basic thing that makes a person successful that is their hard work, dedication, and the desire to achieve their dream. More importantly, they what they like to do not what that others told them to do. Successful people do what they like to do also they do what they feel correct for their business.

If you look in the dictionary for the meaning of the word success then you will find that it means the achievement of one's goal or aim. So, basically, anyone can achieve success by simply achieving their aim or goal.</p>
